Book Condition: New. Publisher/Verlag: Springer, Berlin | Proceedings of a symposium held at the University of California, Davis, April 8-9, 1994 | On April 8-9, 1994, a symposium entitled Control of the Cardiovascular and Respiratory Systems in Health and Disease was held at the University of California Davis Medical Center in Sacramento. The purpose of this symposium was to honor the careers of Professors Hazel M. and John C. G. Coleridge. Participants in this symposium came from throughout the world. Their attendance at the symposium was a symbol of great respect and affection for the honorees. The Professors Coleridge have made many important contributions to the scientific literature concerning neural control of the cardiovascular and respiratory systems. In addition, they have made remarkable contributions to the lives of other scientists working in this field of investigation. Some of us have known them as mentors, counselors, friends, and supervisors; others have known them as co-investigators. Most importantly, all of us have known them as friends. This book, which contains the proceedings of the symposium, is dedicated to Hazel and John Coleridge.
