GRIN Verlag GmbH Jan 2015, 2015. Taschenbuch. Book Condition: Neu. 212x149x7 mm. Neuware - Essay from the year 2013 in the subject Business economics - Investment and Finance, grade: 1,3, The FOM University of Applied Sciences, Hamburg (FOM Berlin), course: International Investment and Controlling, language: English, abstract: Germany has a particular, uniform regulation for insolvency of natural and juristic persons, which is also realized similarly in other countries all over the world. Such regulations by law shall prevent an avalanche effect of single insolvent debtors affecting their creditors, who, furthermore, could again damage their creditors, causing a ripple effect throughout an economy. Although the collective settlement of the creditors claims is the focus of the insolvency regulation, debt relief of insolvent debtors is an attractive characteristic, especially for the insolvent debtors. Following a certain obligation time, debt relief gives insolvent debtors a chance to take part in businesses again, to be productive, and to contribute to progress and the gross national product. Thus, insolvency regulation is justified due to economic reasons. However, the debt relief has been discussed controversially, since it could also motivate the unreasonable use of debts. Whenever natural persons are directly liable and their personal assets are...
