

Close-up & Macro Photography

By Tracy Hallett

AE Publications. Paperback. Book Condition: new. BRAND NEW, Close-up & Macro Photography, Tracy Hallett, This is an essential guide to a fascinating technique, from a UK author. It features expert hints, tips, charts and diagrams. "Close-up & Macro Photography" is a essential guide to a fascinating technique, beginning with an explanation of the difference between close-up and macro work. Aimed at the novice or more experienced amateur, this book describes the equipment for capturing true macro images, the 'macro' mode on standard DSLRs and the use of zoom lenses and dedicated macro lenses, among others. The theory of exposure and metering and light and flash is explained and there's practical advice on composition. It provides project ideas that include success with flower photography, capturing the textures of materials such as bark, abstracts and studio work with food and jewellery. It gives information on post processing explains file formats, raw conversion software, adjustments to contrast, brightness and shadows, understanding levels and curves, white balance and saturation, with helpful tips on removing imperfections and cropping for impact.
