American Psychological Association, United States, 2010. Hardback. Book Condition: New. 257 x 183 mm. Language: English . Brand New Book. This is a terrific book that identifies the multiple, devastating repercussions of reproductive trauma by examining the disruptions to one's own personalized reproductive story. Grounded in developmental theory and richly illustrated with clinical examples, it is a welcome, much-needed guide for all therapists working with this overlooked population. Beyond its stated purpose of teaching mental health professionals, its accessibility, sensitivity, and comprehensive scope make it a volume that will be useful to obstetric health providers, medical social workers, and bereavement specialists as well as the couples who experience these losses.

Irving G. Leon, PhD, Adjunct Associate Professor of Obstetrics and Gynecology, University of Michigan Health System, Ann Arbor; author of *When a Baby Dies: Psychotherapy for Pregnancy and Newborn Loss*

Jaffe and Diamond have done it again! Their concept of the reproductive story simultaneously validates a patient's experience and provides guidelines for processing reproductive events. It is an extremely valuable technique for therapists confronting increasingly complex medical technology and the psychological fallout. A much-needed contribution!

Leslie Westlund Tam, MD, Reproductive Psychiatrist, San Diego, CAA comprehensive guide for the clinical practitioner. The authors draw from a wealth of empirical research as well as numerous case studies to provide a deep understanding of the experience of infertility and how to help guide patients through the process.

Mary P. Riddle, PhD, The Pennsylvania State University, World Campus

Since the birth of the first in vitro fertilization baby 30 years ago, assisted reproductive technology continues to advance exponentially. But despite this progress in medical technology, our psychological understanding of the related emotional, ethical, and moral dilemmas has yet to be advanced. Written by specialists in the field of reproductive counseling, this volume aims to help clinicians understand and...
