Big Data Complete Certification Kit - Core Series for IT

By Ivanka Menken

Emereo Pty Ltd. Paperback. Book Condition: New. This item is printed on demand. Paperback. 166 pages. We live in a data-driven world. Increasingly, the efficient operation of organizations across sectors relies on the effective use of vast amounts of data. Making sense of big data is a combination of organizations having the tools, skills and more importantly, the mindset to see data as the new oil fuelling a company. Unfortunately, the technology has evolved faster than the workforce skills to make sense of it and organizations across sectors must adapt to this new reality or perish. Andreas Weigend, Ph. D Stanford, Head of the Social Data Lab at Stanford, former Chief Scientist Amazon. com The industry is facing a bold new world with the amazing technological developments of the Cloud and Big Data, and the challenges and the opportunities this presents are unprecedented. The Big Data Complete Certification Kit serves as a complete introductory guide for anyone looking to grasp a better understanding of Big Data concepts and its practical application in any IT environment. The Art of Services introductory Big Data training and certification helps IT practitioners develop the skills that are crucial as businesses embark on this massive...
