CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 134 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. The science of Kabbalah provides a unique method to expand the perception of the world and discover the hidden reality to our five senses. It does not address self-help issues or simple recipes to make life better and, in no way, relates to esotericism, numerology, lucky charms and other beliefs to which it has been commonly associated by ignorance. Just as the natural sciences are the result of the knowledge gained through observation and exploration of the physical world, Kabbalah is the science for the soul that investigates the spiritual world and observes within the human being. The first steps in Kabbalah is an indispensable book for anyone who questions the purpose of his/her existence, and for those who want to delve into the knowledge preserved by the Kabbalists of all time. This item ships from La Vergne, TN. Paperback.
